PROFILE

I am a creative Graphic Designer with hands on experience in both freelance and corporate environments. I'm skilled in developing visual identities, marketing materials and digital assets across social media and print campaigns for small businesses and growing brands. I am proficient in Figma and Adobe Creative Suite (Photoshop, Illustrator, InDesign and a growing expertise in After Effects). I have experience in managing design projects, maintaining brand consistency and delivering high quality work in fast paced environments.

WORK EXPERIENCE

Graphic Designer

CompilerTech Company Limited

Jan 2025 – November 2025

- Designed and produced brand-aligned marketing materials including flyers, banners, social media graphics, presentations and corporate print assets.
- Supported UI/UX design for the company website creation projects through wireframes, visual layouts and component styling in Figma.
- Collaborated with software developers to ensure accurate, pixel perfect implementation of UI designs into live website.
- Prepared design assets for development handoff, including layout specifications and asset exports.
- Lead design and print production of branded materials such as business cards, lanyards, uniforms, safety wear, helmets and promotional items.
- Maintained and evolved visual consistency across all digital and physical brand touchpoints.

Junior Graphic Designer

Multimedia Integrated & Automation

Apr 2023 – Sep 2023

- Produced print and digital marketing visuals e.g. posters, banners, signage, etc for multiple client projects under tight deadlines.
- Applied brand guidelines to ensure consistency across campaigns and client deliverables.
- Prepared print ready files with correct bleed, resolution and colour profiles, reducing print errors and reprints.
- Supported large-format and offset printing operations by contributing to smooth production workflows.
- Assisted pre-press processes including file checks, material preparation and production scheduling.

Administrative & Design Assistant

Mudoma Electro Services

Jan 2022 – Dec 2022

- Created branded materials e.g. business cards, stickers and invoices that improved the company's professional presentation.
- Supported internal documentation and basic layout design for client-facing materials.
- Managed administrative workflows including filing, scheduling, correspondence, data entry and data organization.
- Assisted with quotations, budgeting, invoicing and contractor documentation while also supporting day to day operations.

Graphic & Print Designer

Freelance Projects

- Delivered end-to-end graphic and print design projects for small businesses and individuals, from concept to final production.
- Designed marketing and event materials including roll-up banners, large-format stickers, backdrops, posters and promotional items.
- Managed multiple projects simultaneously, handling client briefs, revisions, approvals and delivery timelines.
- Prepared print ready files and coordinated with printers to ensure quality output and on time delivery.
